Our Year:

→ Service

Our national service project includes awareness for Breast and Ovarian Cancer. We do this through benefiting the non-profit organization called Bright Pink! We host t-shirt fundraisers, participate in a butterfly release event, and attend a 'Brighten Up!' workshop all throughout the year. Kappa Epsilon also participates in community service projects in Columbia. These projects include Night to Shine and Walk for Life. We also host a clothing drive for the local Transitions homeless shelter.

→ Social

After we serve, KE likes to relax and create life-long connections with our sisters at various social events. We host GNO dinners, pedal parlor night, TV viewing parties and attend workout classes and more!

→ Leadership

Kappa Epsilon has various leadership opportunities including 11 officer positions, committee positions, and a P1 President!
